

Give water.

Give life.

Give £2 a month.

Every 60 seconds, four people in the developing world die from water-related diseases. In the time it takes you to read this, someone, somewhere, will die. Yet a gift of as little as £2 a month from you today can help bring a child a supply of safe, clean water that can last a lifetime. Your donation could be the difference between life and death.

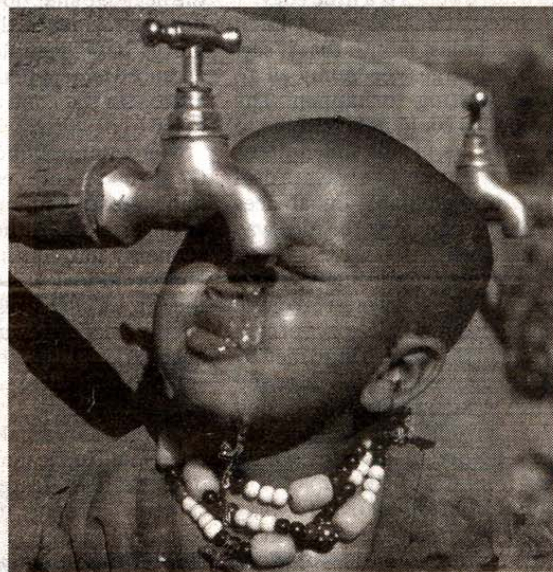

Your donation can give people their lives back

Clean water and sanitation are human rights, essential to life. Everyone in the world should have access to them close to their homes. Over the last 24 years WaterAid has brought safe water to more than 8.5 million people across Africa and Asia. WaterAid is an international NGO dedicated exclusively to the provision of safe domestic water, sanitation and hygiene education to the world's poorest people.
